About the Silicon Valley Education Foundation:

Silicon Valley Education Foundation (SVEF) is the education foundation advocating for the needs of all 34 school districts in Silicon Valley. SVEF seeks to improve public education through establishing effective partnerships with both the private sector and the education community. We focus on the needs of our constituents: students, families, teachers, community, and education leaders. We listen to their needs and seek to understand their challenges. We then work to provide them with innovative solutions.
